

UNIQUE POSITION WORKING WITH SCHOOLS

Make a difference in our community - join our T.E.A.M!

Established in 2003, Northwest Autism Center is a well-respected local leader in the provision of Applied Behavior Analysis treatment, community training and support, advocacy for state policy improvements, and commitment to provider capacity growth.

A nonprofit organization located in beautiful Spokane Washington, Northwest Autism Center's mission is to support, facilitate and build accessible and comprehensive community-based approaches to help individuals with autism spectrum disorders and related disabilities in the Inland Northwest. This is done through a careful and deliberate approach involving close collaborations with Spokane's local and state universities, our mental health organizations, school districts, and community stakeholders.

Our organization is dedicated to the continued growth of staff with research, mentorship, and professional development opportunities from a wide variety of qualified leaders. Our facility is located in close proximity to the university district, medical hospitals, with easy access to area lakes, hiking, skiing, and golf.

As we continue to expand the diversity and breadth of our reach, Northwest Autism Center looks for qualified professionals to help lead the way. We invite you to take a closer look at what we do – you won't find this range of service and advocacy anywhere else!

- one page cover letter
- resume
- three professional references that will be contacted prior to offering an interview

Details on Back

Northwest Autism Center is looking for a qualified professional to assist in the implementation and expansion of *T.E.A.M. Outreach*, our p-12 TraininEvidence-based and Applied Models program.

The mission of T.E.A.M. Outreach is to provide school systems with expertise, training, coaching, and consultation to build our public education system's capacity and competencies in providing education and services for children and youth with autism spectrum disorder (ASD) and other disabilities. T.E.A.M. Outreach staff work directly with school district teams to increase evidence-based interventions and instructional practices with a focus on applied behavior analysis (ABA).

This position also includes opportunities for providing community-based trainings (e.g., police officers, caregivers), University-related work (e.g., grant writing, research projects), as well as many other possibilities for professional growth.

Education/Knowledge/Skills

- Master's or Doctorate in Special Education
- Current WA State teaching certificate
- Minimum of five years working in schools
- Extensive knowledge of school systems, laws and regulations
- Experience in providing ABA services
- Experience in training, coaching, and consulting in the school setting
- Excellent presentation and group interaction skills
- Ability to create high quality training modules and materials
- Experience in data collection and program assessment
- Exceptional writing skills for manual development and program reports
- Excellent social communication skills with families, school staff, and other professionals
- Demonstrated ability working effectively on an interprofessional team
- Excellent assessment, intervention, and organizational skills
- Mature interpersonal, problem solving, and collaborative skills
- BCBA® preferred

Benefits

- Competitive compensation
- Medical, dental and vision insurance
- Retirement plan
- Earned paid vacation and sick time
- Family and medical leave of absence
- CEU's provided
- Access to professionals in the field
- Opportunities for professional growth and development
- Mentorship and support from organization leaders
- Member of a growing organization that is committed to the individual, community, interprofessional education and impacting systems on a local, state, and national level
